

The large entry and curved staircase lead upward to a graceful second story landing, handsomely finished with oak railings and balusters. The gourmet kitchen features expansive countertops of hand-set ceramic tile, a generous double pantry and a charming garden window. A fourth bedroom with full bath is conveniently located on the first floor—ideal for guest, in-law or au pair quarters. Upstairs, skylights open the elegant master bath to abundant natural light. The master suite with volume ceilings is well secluded from bedrooms two and three. The exceptionally convenient arrangement of rooms makes The Cambridge like two homes in one!
